REF : (a) D/CO memo to DTR dtd 11 Mar 57, subject as above  
(b) DTR memo to D/CO dtd 2 Apr 57, subject as above

1. This memorandum is meant to clarify the system which I would like to employ for the utilization of the Office of Communications Unit 

2. The members of the Unit are under my administrative and disciplinary control and are responsible to me for their performance.

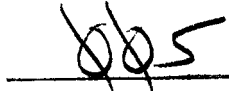

3. As one of the major duties of this Unit is the direct support of Training, you are hereby delegated the authority to request the services of the members of the Unit whenever such support is required. You may accomplish this by direct contact with the Chief of the local Unit.

4. I consider support of Training the primary objective of the Communications Unit and intend, therefore, to call upon the services of the Unit only in event of  emergencies, or at such times that the members are not engaged in Training activities.

5. As a great deal of the Unit's time and effort will be in direct support to Training, I request that you keep me advised as to the manner of performance of the Communications personnel while engaged in such support. I further request that you notify me in all instances wherein such support does not meet your requirements.
